

Survival: A Strategic View

Survival: A Strategic View is not your ordinary survival manual. This book deals with strategic level ideas and decisions that you as the survivalist/prepper may have to make and how to best utilize your resources accordingly. The Author is a U.S. Army Veteran with 10 years experience with survival training and is a Paramedic. His easy to read examples mixed with a deep understanding of strategic survival planning makes this book perfect for beginners and advanced pupils. His methods of utilizing survival resources are easy to understand and very easy to implement in with your current preparedness level.
