

Coffee, Tea, Or Kool-Aid: Which Party Politics Are You Swallowing?

Are the Tea Baggers simply rabble-rousers from the right who hate not getting their way? Is the Coffee Party just a bunch of jittery java nuts without enough money to afford to hire star politicians? Coffee, Tea, or Kool-Aid is the one book that examines the issues and helps Americans tell the parties apart (they agree more times than they may care to admit!) while they laugh all the way to the polls. Filled with party history and characters, side-by-side comparisons and contradictions, as well as memorable quotes, slogans, and Venn diagrams, this handy guide spells it all out and injects some humor back into the political dialogue.
