

The Turrumurra Passion

The Turrumurra Passion - Experience the Timeless Easter Story The Turrumurra Passion is an interactive and slightly modern interpretation of the Passion Play tradition. It tells the story of Easter - the last weeks of the earthly life of Jesus of Nazareth. It has been staged annually since 1999, with a total of over 90 performances. This is the story of The Turrumurra Passion, from artistic influences and directors notes to the full script. Part 1 Outlines the writing process and explores the artistic influences behind the play. Part 2 A scene-by-scene synopsis of the play, with direction and setting notes as well as photos of from each scene. Part 3 The script in full, in an easy to read condensed format. What Audiences Say Great production standards and a fantastic cast and crew. It was one of the best passion plays I have seen. It was a very moving experience one we were glad that we attended. Possibly the best portrayal of Jesus Ive seen on stage or screen anywhere.
