

# Ética privada e igualitarismo político/ Foundations of Liberal Equality (Pensamiento Contemporáneo/ Contemporary Thinking) (Spanish Edition)

En el presente libro, Dworkin se separa de su ya tradicional ocupación con la filosofía del derecho para abordar específicamente una propuesta de moralidad política: la defensa de lo que el autor califica como liberalismo igualitario, que nos presenta como alternativa al liberalismo político de John Rawls. Para ello construye una compleja teoría ético-filosófica, que tendría la virtud de unir los valores de la libertad, la igualdad y comunidad dentro de una visión humanitaria. La introducción a este libro corre a cargo de Fernando Vallespi, catedrático de Ciencia Política en la Universidad Autónoma de Madrid, autor de Nuevas teorías del contrato social y editor de Historia de la nueva política, en 6 volúmenes, así como de numerosos trabajos de ciencia y teoría política.
