

A Christian Response to Troubled Times: 3 Principles for Survival

We have watched in horror as Christians around the world are being slaughtered because of their faith. Even though most of us are not in the direct line of fire at this point in history, there is a steady erosion of Christian principles away from the society around us. More unsettling than that, however, governments who had once been founded on or guided by Christian principles are turning to attack the institution of the Church and Christian principles that has once set the social and political standard. How are Christians to respond to what is taking place in our world? Are there biblical guidelines to help us survive these troubled times? Rest assured, there are. This short book will help guide you in how best to respond to the world around you, continue to speak the truth in love and rest in the understanding that the Creator of the Universe Will Not Be Mocked.
