

The Obstacle Is You: The Manual You Should Have Been Given When You Were Born (How to Love Yourself) (Volume 2)

Your willingness to overcome your obstacles inspire me. Your commitment to work at your absolute best moves me. Your readiness to acknowledge your weakness encourages me to give even more of my life to helping people free themselves from their self-made prisons. May your passions be ignited. May your life and that of those around you become magically abundant. This book is the SECOND in THE OBSTACLE IS YOU series. The letters of my readers have moved me deeply and encouraged me to distill everything that I have learned about the art of living into a series of life lessons. Hence, I set about compiling the best information I have to give into a book that I genuinely believe will transform your life. How to Love Yourself? Do you ever feel like life is slipping by so fast that you might not get the chance to live with meaning and the happiness you deserve? If so, then this very special book will be the guiding light that leads you to a brilliant new way of living. In this extremely easy to read yet wisdom rich manual, I offer eleven simple solutions to life's most complex problems, ranging from methods to succeed to powerful ways to enjoy the journey while you create a legacy that lasts. The words in this book are heartfelt and written in high hope that you will not only connect with the wisdom that I have respectfully offered but also act on it to create lasting improvements in every area of your life. Amidst my own trials and tribulations I have learned that it is not enough to know what to do, we must act immediately on the knowledge in order to create the lives we so dearly want. So, as you turn the pages of this first book in THE OBSTACLE IS YOU series, I hope you will discover a wealth of wisdom that will immensely enrich the quality of your physical, emotional and spiritual life. Please do write to me to share how you have integrated the lessons in this book into the way you live. I will do my very

best to respond to your mails with a personal note. I wish you peace, prosperity and many happy days spent engaged in a worthy purpose.
