

A Ripple From the Storm (Children of Violence)

Martha Quest, the embodied heroine of the Children of Violence series, has been acclaimed as one of the greatest fictional creations in the English language. In *A Ripple from the Storm*, Doris Lessing charts Martha Quest's personal and political adventures in race-torn British Africa, following Martha through World War II, a grotesque second marriage, and an excursion into Communism. This wise and startling novel perceptively reveals the paradoxes, passions, and ironies rooted in the life of twentieth-century Anglo-Africa. *A Ripple from the Storm* is the third novel in Doris Lessing's classic Children of Violence sequence of novels, each a masterpiece in its own right, and, taken together, an incisive and all-encompassing vision of our world in the twentieth century.
