

Grastiks Plastic Princess (a laugh out loud comedy)

Grastiks Plastic Princess is a crude and twisted black comedy, set in a curious slice of suburbia. Adam Grastik is a friendless, loveless, middle-aged loner. Hes the typical weirdo next door; never had much luck with women or the human race. Then his dream girl, the love of his miserable life, arrives in the post: a plastic fantastic doll, the answer to all his problems. Unfortunately, he soon discovers that Bethany is not as perfect as he first thought. Shes reckless; leaves crumbs on the floor and refuses to do any housework. On top of that, she refuses to sleep with him -- to consummate their love -- because of a headache, tiredness or stress caused by the idiot stoners next door.
