

An Honourable Englishman: The Life of Hugh Trevor-Roper

He was one of the most gifted scholars of his generation a brilliant writer, high-society star, and cultural force who moved easily between aristocratic houses and the humble haunts of literary bohemia. He developed a lucid prose style that he used to scathing effect, earning notoriety for his sharp attacks on other historians. Now this superb biography of Hugh Trevor-Roper, universally acclaimed overseas, makes its anticipated American debut. With incisive knowledge of the man and access to never-before-published letters, Adam Sisman paints a fascinating portrait of this charismatic, contentious, contradictory character. Sisman examines Trevor-Roper's middle-class upbringing in a house so empty of affection that it caused, as he put it, his almost physical difficulty in expressing emotion. He traces Trevor-Roper's career from his early academic triumphs to his later failure to produce the big book expected of him. Sisman also provides riveting new details of the high drama of Trevor-Roper's World War II intelligence work in which he boldly blew the whistle on bureaucratic infighting that imperiled British code-breaking and the exclusive investigation of Hitler's death that inspired his bestselling postwar triumph, *The Last Days of Hitler*. As never before, Trevor-Roper's personal life is explored, including his passionate affair with an older, married woman. Finally, *An Honourable Englishman* reveals the truth behind his public substantiation of the false Hitler diaries in 1983, a misstep (encouraged by his impatient employer Rupert Murdoch) that forever tainted his reputation. Profoundly bright and brutally acerbic, Hugh Trevor-Roper was a literary lion like no other, and in *An Honourable Englishman* he receives the absorbing biography he deserves. From the Hardcover edition.
