Winner of the National Jewish Book Award
Winner of the Washington Institute Book Prize
One of the Best Books of the Year
St. Louis Post-Dispatch * Kirkus Reviews
In this groundbreaking work of historical research, Bruce Hoffman, America's leading expert on terrorism, brilliantly re-creates the crucial thirty-year period that led to the birth of Israel. Drawing on previously untapped archival resources in London, Washington, D.C., and Jerusalem, *Anonymous Soldiers* shows how the efforts of two militant Zionist groups brought about the end of British rule in the Middle East. One of the most detailed and sustained accounts of a terrorist and counterterrorist campaign ever written, Hoffman has crafted the definitive account of the struggle for Israel and an impressive investigation of the efficacy of guerilla tactics.
