

The Essential Schopenhauer: Key Selections from The World As Will and Representation and Other Writings

We should be grateful to Schopenhauer for managing to express the truth about life so beautifully. Alain De Botton, author of *The Consolations of Philosophy* Schopenhauer's philosophy has had a special attraction for those who wonder about life's meaning, along with those engaged in music, literature, and the visual arts. Stanford Encyclopedia of Philosophy The Essential Schopenhauer delivers the first comprehensive English anthology of the seminal philosopher's writings. Edited by Wolfgang Schirmacher, president of the International Schopenhauer Association, this indispensable collection affords readers a uniquely accessible gateway into the monolithic thinker's prodigious body of work. Just as the Harper Perennial Basic Writings series renders the work of Heidegger and Nietzsche accessible for English readers, The Essential Schopenhauer gives us unprecedented access to the complex ideas of this profound and influential thinker.
