

Beyond Survivorman

Secrets of survival from people in the most remote corners of the planet Les Stroud has logged over half a million miles across the globe from the lush jungles of Papua New Guinea and the sun-scorched sands of the Kalahari to the harsh cold of the Canadian Arctic. He has survived for weeks at a time in harsh situations and in isolated, challenging environments. Offering us a rare glimpse of some of the world's most remote cultures such as the Sea Gypsies in Malaysia and the San Bushmen in Africa Beyond Survivorman covers his most challenging journey of all: learning not only how to survive but also how to connect spiritually to the earth.
