

## Preaching: A Biblical Theology

Do you know what makes for good preaching? The pastor opens with a funny joke, strings together a series of disconnected Bible verses and clever anecdotes, and then closes with an inspirational quote. But is this the kind of preaching that most glorifies God, honors his Word, and edifies his people? In *Preaching: A Biblical Theology*, pastor Jason Meyer examines the biblical precedent for preaching in both the Old and New Testaments and offers practical guidance related to the what, how, and why of expository preaching for today. The most comprehensive biblical theology on the topic, this resource will help you identify good preaching and embrace it as a means to encounter and be transformed by the living God.
