

Breakfasts With Buster: Helping Buster Battle Bone Cancer: A Journey Through Holistic and Medical Treatments for Pets

Breakfasts with Buster is an incredibly special memoir of how author Valerie J. Wood and her husband helped their dog, Buster B. Brown, battle bone cancer. Whether or not you're a dog lover, this tremendous tale shows the difference that faith, love, and perseverance make. It is a story of sorrow and triumph, it is a diary of a journey that immortalizes the courage their big brown boy had in the face of adversity. Part memoir, part animal cancer treatment guide, in four chapters, the author shares Buster's entire life and what it took to keep him going after the grim diagnosis. From making dramatic changes in Buster's diet to acupuncture and the use of Omega-3 oils, Wood was able to help Buster beat the odds for almost a year. It was a very long year, but also a very special one. As Buster battled bone cancer, he ended up teaching his masters a few more lessons, lessons that are immeasurably sweet and absolutely unforgettable.
