

Fifty Sheds of Grey: Three in a Shed

Which whip today? she rasped, tightly clad in black leather. I dont know, I replied. I can never decide between banana and butterscotch. In Three in a Shed, the pulsating climax to the bestselling trowel-egy Fifty Sheds of Grey, multi-millionaire Colin Grey finds himself with the ultimate dilemma. Having accidentally mixed his Viagra with his hearing aid, and ending up with a hard of hearing on, he must finally man up and choose between the great loves of his life. Should he go with Lady Christina Mellors -- the sophisticated cougar (or whatever the British equivalent is -- a badger?) -- who first deflowered him, all those years ago? Or his long-suffering wife, Brenda? Or can Colin finally break free and return to his one true love -- his shed?
