

## Carpe Jugulum: Discworld, Book 23

Mightily Oats has not picked a good time to be a priest. He thought hed come to the mountain kingdom of Lancre for a simple little religious ceremony. Now hes caught up in a war between vampires and witches, and hes not sure there is a right side. There are the witches - young Agnes, who is really in two minds about everything, Magrat, who is trying to combine witchcraft and nappies, Nanny Ogg, who is far too knowing...and Granny Weatherwax, who is big trouble. And the vampires are intelligent with fancy waistcoats and lots of style. Theyre out of the casket and want a bite of the future. Carpe Jugulum is another instalment of the unstoppable and addictive cycle of Discworld and the first to star vampires.
