

Cite It Right: The SourceAid Guide to Citation, Research, and Avoiding Plagiarism

Researching and writing documents in an original fashion are essential skills for every student to master; Cite It Right is the perfect guide for understanding and developing these skills in a way that is comprehensive but easy to follow. Cite It Right describes the process of writing a research paper, from gathering credible sources to revisions. It carefully explains how to develop strong topics, thesis statements, and paragraphs- techniques needed to write with quality. It also shows ways to organize and order ideas, sending students the message to write it right. Cite It Right is best known for its straightforward compilation of the four major writing styles (MLA, APA, CMS, CSE). With its dedication to academic integrity and the elimination of plagiarism within the academic community, SourceAids Cite It Right meets the needs for a more student-friendly guide to citing sources in all research fields. It is a natural complement to SourceAids popular citation software, making perfect citation available to students both when they can and cannot access a computer.
