

How to Spot a Histrionic Personality

Based on former FBI Special Agent Joe Navarro's experience as a criminal profiler and behavior specialist, this short booklet/checklist - *How To Spot A Histrionic* - provides the average person with the tools necessary for spotting and assessing Histrionic personalities. This is a must read for anyone who wants to protect themselves, their children, or their loved ones. The short booklet offers practical guidance and a comprehensive checklist of the 150 behaviors/features (often shocking) that are associated with Histrionics. It is easy to use, intended for the average layperson. You don't have to be a clinician to use this. The booklet/checklist will not only give you insight into this personality disorder, which afflicts more than 6 million Americans, but it will also give you the tools to quickly assess these individuals so that you can protect yourself and your family. This is a disorder that afflicts the Histrionic but has adverse consequences on spouses, friends, family and co-workers, but more importantly children. Practical, fast, easy to read and understand. If you ever wondered what the Histrionic personality was all about and the harm they can cause, then this is for you.
