

## Divergent Parody: Detergent

From Amazons best-selling parody author, Reid Mockery, comes Detergent. Beverly Cryer (Vurl) has to choose a dystopian faction to live with for the rest of her life. If she doesnt make it through initiation, shell be factionless and declared a Detergent. But, Vurl is determined not to spend the rest of her life doing everyone elses laundry. She is an independent young woman with skills she doesnt even know about and with the help of handsome number Two shell not only make it through initiation, shell save the city from disaster. Okay, thats the serious book pitch. This is a book that makes fun of Divergent. Its a parody, so it follows the same basic story but is more outrageous, silly, stupid and all the other things that make a great parody great. Mockery has a proven track record delivering laughs and this one doesnt disappoint. If you loved Divergent, try Detergent!
