

Discurso Del Metodo / the Speech Way (Clasicos) (Portuguese Edition)

El Discurso del metodo (Discours de la methode en frances), cuyo titulo completo es Discurso del metodo para conducir bien la propia razon y buscar la verdad en las ciencias (Discours de la methode pour bien conduire sa raison, et chercher la verite dans les sciences) es la principal obra escrita por Rene Descartes y una obra fundamental de la filosofia occidental con implicaciones para el desarrollo de la filosofia y de la ciencia. Se publico de forma anonima en Leiden (Holanda) en el ano 1637. Constituia, en realidad, el prologo a tres ensayos: Dioptrica, Meteoros y Geometria; agrupados bajo el titulo conjunto de Ensayos filosoficos.
