

Dizzee Rascal: Tales from Da Corner

No-holds-barred account of one of Britain's most gifted and creative musical talents. In 2003, at the age of 17, Dizzee Rascal became an overnight name to drop when his debut album, *Boy In Da Corner*, beat Coldplay, Radiohead and The Darkness to the Mercury Music Prize. Dizzee was born in Nigeria, but raised by his mum in Bow, east London after the death of his father when he was two years old. Dizzee was thrown out of four schools in four years, got involved with drugs and crime. But, whilst he dropped out of most formal education, music always had a guiding influence on Dizzee. With four bestselling albums to his name, Dizzee is not only famed for pioneering grime - his style has evolved and progressed and he has become one of the biggest popstars in the UK today. Recent collaborations with artists as diverse as Arctic Monkeys and Fatboy Slim demonstrate Dizzee's vision and musical genius. Citing influences which range from old skool hip hop to jungle and heavy metal, Dizzee embodies an artist with a unique talent whose pioneering approach guarantees his longevity.
