

Joy in the Journey - Encouragement for Homeschooling Moms

In Joy in the Journey, veteran home educator Lori Hatcher speaks candidly about the unique challenges homeschooling mothers face. With humor and faith, she shares lessons from her own homeschooling journey and challenges you to press on. With a devotion for every week of the school year, Lori tackles tough subjects such as discouragement, sibling relationships, busyness, priorities, and character training (yours and theirs). She'll teach you how to know the difference between good, better, and best, and how to seek God for everything you need to successfully homeschool your children. Lori speaks frankly about the Six Reasons Homeschooling Moms Quit and how you can avoid them. Best of all, she offers hope and insight for those who are enjoying success and those who are struggling. Interactive and engaging, each devotion is accompanied by application questions, an action step, and a prayer of commitment. Joy in the Journey is perfect for your personal quiet time or for use by a support group for discussion topics and meeting ideas. Like a visit with a wise friend, Lori's words come alongside you to cheer you on through the joys and struggles of homeschooling motherhood.
