

God Whispers: Learning to Hear His Voice

The vast majority of Americans pray, but how many recognize when God has answered? In the bustle of daily life, its easy to overlook the quiet nudges, the subtle answers and the little ways in which the Creator responds. GOD WHISPERS isnt as much about how to pray as it is about how to listen. Author Margaret Feinberg challenges readers to live with a tender heart as well as open eyes and ears to the countless ways in which God speaks.

God is big. He could use anything to communicate with His people, Feinberg writes. He could fill the sky with messages that beam in the atmosphere for hours. He could paint His words in nature using tree bark, blooming flowers or freshly fallen snow. In modern times, He could send an email, call someones cell or leave a voice mail message. But He doesnt. He takes a much more subtle approach. Instead of shouting, He whispers.
