

Everyone Deserves To Know What I Think: Collected Writings, 2003 - 2013

Joe Peacock has been writing on the internet for 10 years. During this time, he has produced several books and a number of articles that have exploded across social media, ranging from advice on how to (actually) win a fist fight, to telling Christians how to witness to atheists, to exploring emotions related to divorce. This collection brings together the most popular essays and articles from CNN, Huffington Post, AOLNews, and Joe's blog into one collection which smacks you in the back of the head, then hugs you afterward because we both know it was for your own good.
