

Sin City -Hell & Back

Its one of those clear, cool nights that drops in the middle of summer like a gift from on high. If it werent for the rent, Wallace wouldnt have a care in the world. Then he sees Esther, about to throw it all away--and throw herself off a cliff. Wallace jumps in after her, saves her life, and falls in love, but before he can find out what she was running from, shes gone again, kidnapped. But Wallace isnt the kind to lose his head. Hes calm. Like a monk. Like an executioner. And hell find them.
