

From the Psalms to the Cloud: Connecting to the Digital Age

From the Psalms to the Cloud: Connecting to the Digital Age is a rich collection of resources for both traditional and contemporary worship and prayer sure to connect with the 21st century churchgoer. Not a cookbook, but the start of a conversation about how to tweak worship to keep up with a tech savvy congregation. From the Psalms to the Cloud not only provides fresh examples of prayers and liturgies, but also offers simple exercises that invite all to write and share their own. These resources from an anthology of diverse and gifted writers offers help to create worship services that will engage an age dominated by social media-driven relationships, technology, and 140-character attention spans.
