

By a New and Living Way (Toward Spiritual Maturity: Growing Up in God, Chapter 5)

Growing Up in God, Chapter 5: By a New and Living Way Jesus said, I am the Way, the Truth, and the Life. When he said, I am the Way, he was not talking about a dead, dry, fruitless way, but a new and living way. Never before in the history of the world had the New and Living Way walked the earth and never before in the history of the world had the joy and freedom of this new and living way of life been available. The goal of Chapter 5 is to experience the liberty of walking confidently in the new and living way. The chapter will differentiate between the old and dead way and the new and living way and characterize the differences between mature believers and religious people. The chapter contains six lessons. Lesson exercises are available as free download from the authors website.
