

## Vistas an Interactive Course in English Level 3 Workbook

The third part of this interactive course is aimed at early intermediate students. Humorous, real-life situations aim to make new language meaningful and maintain student interest, while students learn language functions and vocabulary. Other features of this textbook include communicative activities which offer a strong grammar base and an application cycle at the end of each unit which offers expansion exercises. Exercise instructions are given in the student book with clear examples. Each level provides 60-90 hours of instruction and a grammar survey, communicative summary and a vocabulary list appear at the end of each unit. Accompanying the book are teachers editions, workbooks and cassettes.
