

## An Historical Account of the Island of St Vincent (Cass Library of West Indian Studies)

Charles Shepard, a legal officer of the island of Saint Vincent, made no attempt at objectivity in his account of the great 1795 Carib rebellion, this book being dedicated to the British survivors. But having had access to several contemporary diaries and having interviewed survivors, he was able to correct and expand the narratives of Bryan Edwards and Dr Coke, making this work the most detailed account of the overthrow of a unique people.
