

## Jessa the Reindeer Shark

This Christmas story is appropriate for teens and adults. The Donners make a Christmas wish to have a baby daughter, but alas...the absent-minded Creator has ran out of reindeer parts. Not wanting to disappoint them, he rigs a baby together with some spare parts and duct tape. Mrs. Donner loves her child unconditionally, but Mr. Donner laments that his child is a freak. He wants a normal child that will be accepted by everyone and can follow in his footsteps. Even Santa Claus finds it hard to love this child, particularly as she likes biting tushies with her sharp teeth. When Jessa gets revenge for being rejected, she winds up putting Christmas in jeopardy. However, on her personal journey, she meets a wise penguin and a snowman that hates the cold--and they help her realize that what makes us different sometimes is what makes us special.
