

# Jesus Wants to Save Christians: A Manifesto for the Church in Exile

There is a church not too far from us that recently added a \$25 million addition to their building. Our local newspaper ran a front-page story not too long ago about a study revealing that one in five people in our city lives in poverty. This is a book about those two numbers. Jesus Wants to Save Christians is a book about faith and fear, wealth and war, poverty, power, safety, terror, Bibles, bombs, and homeland insecurity. Its about empty empires and the truth that everybodys a priest. Its about oppression, occupation, and what happens when Christians support, animate and participate in the very things Jesus came to set people free from. Its about what it means to be a part of the church of Jesus in a world where some people fly planes into buildings while others pick up groceries in Hummers.
