

Allan Quatermain #1: King Solomons Mines

Before there was Indiana Jones there was Allan Quatermain: the original explorer, treasure hunter, and adventurer. The Quatermain books have captivated readers for more than a century, spawning more than a dozen movies and a host of imitators. Thrill with Allan as he discovers the mythical King Solomons Mines and their not-so-mythical curse. These are adventure stories in the grandest tradition.
