Everything you wanted to know about The Big Lebowski but lost your train of thought there. Over 80 contributors have really helped tie this book together. Among the worlds Greatest Works of Literature The Big Lebowski slouches alone, in that it is the only one which is not a book or a play. Which is of course, just, like, our opinion. This book about The Greatest Movie In The History of Mankind, man, helps to explain its impact. There are also illustrations. Well, we hope you folks enjoy yourselves. With 40 essays and 60 illustrations, theres a whole lot of Lebowski in here.
