

Lipstick Traces: A Secret History of the Twentieth Century

A cult classic in a new edition. This book is about a single, serpentine fact: late in 1976 a record called Anarchy in the UK was issued in London, and this event launched a transformation of pop music all over the world. The song distilled, in crudely poetic form, a critique of modern society once set out by a small group of Paris intellectuals. In Lipstick Traces, Greil Marcus classic book on punk, Dadaism, the situationists, medieval heretics and the Knights of the Round Table (amongst others), the greatest cultural critic of our times unravels the secret history of the twentieth century.

Lipstick Traces: A Secret History of the Twentieth Century: Greil Lipstick Traces: A Secret History of the 20th Century (1989) is a non-fiction book by American rock-music critic Greil Marcus that examines popular music and art
