

## Loving Your Relatives: Promoting Relative Peace (Focus on the Family Books)

Family gatherings are often approached with apprehension rather than as the connecting times they ought to be. Differences of opinion ranging from child raising to holiday traditions surface to cause discord instead of harmony. Loving Your Relatives: Even When You Don't See Eye-to-Eye is a practical resource with ideas to help build relationships of understanding and respect. Coauthors David and Claudia Arp and John and Margaret Bell offer multigenerational perspectives as they address sensitive issues with real-life examples and biblical wisdom.
