

Mean Girls All Grown Up Workbook & Journal: A Spiritual Guide to Surviving Mean Women

Many women remember mean girl gossip, insults, and backstabbing as if it happened yesterday—because it was yesterday. Mean girls don't go away just because they get older. From high school to middle age, they never seem to give up. In *Mean Girls All Grown Up*, Hayley helped women understand the cycle of mean in their past and present. Now, Hayley encourages women to take a closer look deep inside their hearts and souls to discover why mean has the effect it does. More than a list of dos and don'ts, this helpful book also includes questions, encouragement, and space for journaling so women can dig deeper into their own mean girl issues. Great for personal use or group study, this helpful workbook and journal gives women spiritual insight and biblical guidance that will help them discover truths that can only be found inside themselves.
