

Medicinal Plants of the Desert and Canyon West

This classic work on medicinal herbs of the Western uplands is an authoritative presentation of more than 100 species. Unsurpassed as a field guide for its authoritative information on collection and medicinal preparation. Focuses on the plant life of rocky and arid lands of the West, and includes detailed information on the preparation and use of these vital herbs. About the Author Michael Moore wrote numerous classic works on the herbal plants of the West and Southwest, including *Los Remedios: Traditional Herbal Remedies of the Southwest*, *Medicinal Plants of the Mountain West*, and *Medicinal Plants of the Pacific West* as well as a host of clinical herb manuals. He was the founder and director of Southwest School of Botanical Medicine, in Bisbee, Arizona, where he worked as a writer, researcher, therapist, and teacher for professional herbalists. Acclaim *Medicinal Plants* can be used as a field guide, a reference on home remedies, and a treatise on the applications of herbal medicine in an era of high-tech healing. *Los Angeles Times*
