

## Meditations (Everymans Library (Cloth))

The Roman emperor Marcus Aurelius Antoninus (a.d. 121-180) embodied in his person that deeply cherished, ideal figure of antiquity, the philosopher-king. His *Meditations* are not only one of the most important expressions of the Stoic philosophy of his time but also an enduringly inspiring guide to living a good and just life. Written in moments snatched from military campaigns and the rigors of politics, these ethical and spiritual reflections reveal a mind of exceptional clarity and originality, and a spirit attuned to both the particulars of human destiny and the vast patterns that underlie it.
