

At the Pulpits of Wittenburg: The Sermons of Martin Luther

It makes no difference whatever whether he be a priest, called to preach, or merely a Christian. The word which he speaks is not his, but Gods Word; and God will keep it as surely as if he had spoken it. At the Pulpits of Wittenburg is a compilation of 25 expository and liturgical sermons by the great reformer, Martin Luther. Through these selections of sermons, Luthers more congenial side is seen. The day-to-day sermons that Luther preached were likely not as controversial as one would think, rather they were thick and full of Luthers thought. Read these sermons, and digest morsels of insight which only Luther could provide. This electronic edition features an active table of contents. At the Pulpits of Wittenburg is part of The Fig Classic Series: At the Pulpit. To view more books in our catalog, visit us at fig-books.com.
