

More Office Idiot Reviews (Volume 5)

It's been just over a year since we last visited Hogsbottom plugs and there's been lots of change. Jeff no longer has an obsession with Westlife or The Jackson Five, Hogsbottom has brought in a lawyer with a height complex and a dodgy bowel to help him sell the company, so he can leave his wife and live the life of Riley with his mistress, who is also Jeff's mother.

The question is: will Hogsbottom be able to get the sale through without Jeff finding out and ruining the future for everyone? With fire alarms going off on a daily basis, strange items being thrown across the office and burning mattresses falling from the top floor, join all the idiots from the office as they bumble their way through another year of office idiocy.
