

## The Life of Haydn, in a Series of Letters Written at Vienna: Followed by the Life of Mozart, With Observations on Metastasio, and on the Present State of Music in France and Italy (Classic Reprint)

Excerpt from The Life of Haydn, in a Series of Letters Written at Vienna: Followed by the Life of Mozart, With Observations on Metastasio, and on the Present State of Music in France and Italy

The American Publishers herewith present the public with a work, in which, independently of the interest with which musical men will always regard whatever relates to names so eminent as those of Mozart and Haydn, the general reader will find a variety of anecdote, and an elegance of criticism, on all subjects connected with the fine arts, which can scarcely fail to gratify him. As explanatory of the origin and publication of the book, the author says, in his preface, I was at Vienna in 1808, whence I wrote to a friend some letters respecting the celebrated Haydn, whose acquaintance an accidental occurrence had fortunately procured for me, eight or ten years before.
