The revolutionaries were Marxists, and they worked together with Cuba and the Soviet Union. The USA funded a civil war against the new government and maintained an economic boycott of the country, which crippled it severely. In 1990, the FSLN then lost the presidential elections to a US-friendly alternative. Or did he? 40% of Nicaraguas population call themselves Sandinista, but since the 1980s the meaning of what a Sandinista is has changed. This book attempts to explain what Sandinismo meant in the past and what it is now.
