Not illustrated. 1853 edition. Excerpt: ...what was there for a father to do? This was quite a female case, and it would be highly absurd in him, who could be of no use at home, to shut himself up. His father verymuch wished him to meet Captain Wentworth, and there being no sufficient reason against it, he ought to go; and it ended in his making a bold, public declaration, when he came in from shooting, of his meaning to dress directly, and dine at the other house. Nothing can be going on better than the child, said he; so I told my father, just now, that I would come, and he thought me quite right. Your sister being with you, my love, I have no scruple at all. You would not like to leave him yourself, but you seel can be of no use. Anne will send for me if anything is the matter. Husbands and wives generally understand when opposition will be vain. Mary knew, from Charless manner of speaking, that he was quite determined on going, and that it would be of no use to tease him. She said nothing, therefore, till he was out of the room; but as soon as there was only Anne to hear:--So you and I are to be left to shift by ourselves, with this poor sick child; and not a creature coining near us all the evening! I knew how it would be. This is always my luck. If there is anything disagreeable going on men are always sure to get out of it, and Charles is as bad as any of them. Very unfeeling! I must say it is very unfeeling of him to be running away from his poor little boy. Talks of his being going on so well! how does he know that he is going on well, or that there may not be a sudden change half an hour hence? I did not think Charles would have been so unfeeling. So here he is to go away and enjoy himself, and because I am the poor mother, I am not to

be allowed to stir; and yet, I am...
