

## Nostradamus and the Antichrist, Code Named: Mabus

**ANTICHRIST** The name for the personification of evil. Hes the Agent Smith shadow cast by every messianic Neo trying to save those in the Matrix of illusion. Hes the opposite of Christ the anointed one of God. The great sixteenth-century physician and seer, Michel de Nostredame (15031566), better known by his Latinized nome-de-plume, Nostradamus, foresaw not one, but three Antichrists. Each would be responsible for taking humanity one step towards the worlds complete destruction.

Nostradamus took great pains to cloak the names of his three candidates for Antichrist in coded anagrams: to protect the innocent from those in the future that might recognize themselves in his prophecies and do worse. (And they were looking.)

Nostradamus code-named the first of his three Antichrists PAU, NAY, LORON. All in uppercase. An obvious decoding would give us three towns in southwestern France: Pau, Nay and (O)loron. The rest of the prophecy strays the subject away from three villages to describe a human being. The upper-case presentation is a literary nudge in our sides to envisage a persons name hidden in the letters spelling three towns. Can the name Napoleon be found in it? Nostradamus code-named the second Antichrist Hi?teror Hister with a Gothic s(?)after the ancient name of the River Danube, which is the Ister. This anagram is just one replacement letter away from spelling out Adolf Hitler. Nostradamus gave the Third Antichrist the following code name: Mabus. Though his true name is occulted, his destiny is made clear. World War III begins when Mabus dies an untimely death. One thing is made certain. Mabus will never live through the world war he ignitesa conflict that will last 27 years. Unlike his predecessors, PAU, NAY, LORON and Hister, the Third Antichrist is one of the first to fall in a hecatomb of terror and revenge that in its

darkest potential covers the world in an icy red rain. This is the hottest prophetic detective case discussed among an estimated 20 million Nostradamus fans around the world. All signs are that we are living in the days of the Third Antichrist. It is time to decode the enigma of Mabus the third and final man of evil who stands in the way of Nostradamus most cherished alternative destiny set for our future: a Millennium of Peace on Earth. This thought provoking eBook will transport us through dark and prophetic shadows to uncloak the man who would be king of Armageddon.
