

Books, Movies, Rhythm, Blues: Twenty Years of Writing About Film, Music and Books (an eBook original from Riverhead Books)

A new collection of nonfiction writing on culture from the bestselling author of *High Fidelity*. *Books, Movies, Rhythm, Blues* brings together the best of Nick Hornby's non-fiction pieces on film and tv, writers and painters and music, and including one exceptional fragment of autobiography. With subject matter ranging from the Sundance Festival to Abbey Road Studios, from P.G. Wodehouse to *The West Wing*, these are pieces that were written for fun, or because I felt I had things to say and time to say them, or because the commissions were unusual and imaginative, or because I was being asked to go somewhere I had never been before.
