

## Faith That Will Not Fail

Tele-evangelists and miracle-touting preachers have given faith a bad name. Influenced by what is known as prosperity gospel or name it and claim it teaching, many well-meaning Christians have refused medical treatment for themselves or their family, resigned from jobs, given away large sums of money, made rash vows - all in the belief that God would reward them for these acts of faith. Author of *Dont Just Stand There...Pray Something!* and popular Bible teacher Ronald Dunn shows this crazy way of thinking for what it is - a parody of the genuine, biblical faith which is absolutely central to any Christian experience and which does deliver what it promises.
