

Lorraine 1944: Patton versus Manteuffel (Campaign)

In the wake of the defeat in Normandy in the summer of 1944, Hitler planned to stymie the Allied advance by cutting off Pattons Third Army in the Lorraine with a great Panzer offensive. But Pattons aggressive tactics continued to thwart German plans and led to a series of violent armored battles. The battle-hardened Wehrmacht confronted the better-equipped and better-trained US Army. The Germans managed to re-establish a fragile defensive line but could not stop the US Army from establishing bridgeheads over the Moselle along Germanys western frontier.
