

Partnering with Parents in Youth Ministry: The Practical Guide to Today's Family-Based Youth Ministry

The most powerful force in a young person's life is his or her family. The importance of this is pointed out in the writing of the Torah in Deuteronomy 6:4-9, where believers are mandated to pass their family legacies to the next generations. The newest trend in youth ministry today is a very healthy move toward family-based ministry, a mind-set that helps the church act as a support system, while placing discipleship and training back into the hands of family. Partnering with Parents in Youth Ministry will help youth workers understand their unique role in helping families succeed and will give an overview strategy of family-based youth ministry, as well as practical ideas on implementing this awesome ministry in your church.
