

Patterns Plus: A Short Prose Reader with Argumentation

Arranged rhetorically, this anthology of short essays and paragraphs suits both essay-level developmental writing and low-level freshman composition courses. Each chapter focuses on a different rhetorical mode, including narration, description, and process writing. The Eighth Edition features an engaging mix of nonfiction, fiction, and student essays that reflect careful consideration of cross-cultural issues. Pedagogical tools have been updated to offer developmental students exactly what they need to master the content, including pre-reading, vocabulary, and post-reading questions that test comprehension and encourage critical analysis of each selection.
