

I Am a Liberal: A Conservatives Guide to Dealing With Natures Most Irritating Mistake

Pssst. Heres a secret Breitbart.com writer Kurt Schlichter, author of the hilarious #1 Amazon Kindle Bestselling ebook I Am a Conservative: Uncensored, Undiluted and Absolutely Un-PC, is not really a liberal. Not by a long shot. Now hes back with I Am a Liberal: A Conservatives Guide to Dealing With Natures Most Irritating Mistake, and hes more caring than ever. But beware: if youre interested in compromise, bipartisanship, and reasoned, rationale debates that end up with wimpy conservatives pummeled and bloodied by their ruthless liberal opponents, move on. This is not the book for you. If you want a field manual stuffed with un-PC essays and searing mockery designed to make liberals cry, youre in the right place. I Am a Liberal is an uproarious, no-holds-barred study of the modern American liberal, taking aim squarely at the smug snobs who, despite never having run anything, somehow imagine that they are morally and technically qualified to run everything especially your life. Longer, funnier, and packed with more go-for-the-throat sarcasm than its predecessor, I Am a Liberal takes no prisoners as it teaches what every conservative needs to understand about: Liberal Argument Tactics Liberal History Surprising Liberal Facts The Collectivist Rainbows Fifty Shades of Fail The Curse of Open-Mindedness And Much, Much More... From gutsy calls to honest reelection slogans to Hollywoods biggest morons, I Am a Liberal is a graduate-level education in understanding and defeating what is truly Natures most irritating mistake.
